Senior iOS Engineer

Sep '20 — Jul '22

GrocerApp

Lahore, Pakistan

GrocerApp is an E-Commerce App for grocery having 100k+ downloads and 4.5k ratings for iOS app.

We developed new features while ensuring the maintenance of existing ones. Worked extensively on analytics events using Branch.io, Google Analytics, Facebook, and CleverTap. Integrated **Checkout** and **PayFast** payment methods for debit/credit card transactions. Implemented the Flash Deals and contributed to the development of the Grocer Club Membership program.

- Maintaining the 99% crash free users on Firebase Crashlytics.

Junior iOS dev

Sep '18 — Sep '20

Coding pixel

Lahore, Pakistan

Primarily worked on various social apps with features similar to TikTok, allowing users to capture videos in segments, adjust video speed, and modify audio by adding music. Integrated OneSignal for push notifications and implemented Socket.io for real-time chat between single and multiple users. Additionally, utilized Stripe APIs for managing customer cards, including adding and deleting them.

EDUCATION

Bsc-IT in , University of the Punjab (GPA: 3.3)

Fsc Pre-Engineering, Punjab College of Science (GPA: 81)

AWARDS

laptop from Prime Minister scheme

Prime Minister of Pakistan

Jan '01
